anton.setiyawan@bssn.go.id

Presidential Regulation of The Republic of Indonesia Number 53 of 2017 on the National Cyber and Crypto Agency

Considering :

(a) that the field of cyber security is one area of government that needs to be encouraged and strengthened as an effort to promote **national economic growth** and **realize national security**;

NATIONAL
CYBER AND
CRYPTO
AGENCY

POSITION AND TASK

- The National Cyber and Crypto Agency hereinafter referred to as BSSN is a government institution under and accountable to the President.
- BSSN has the duty to administer cybersecurity effectively and efficiently by utilizing, developing, and consolidating all elements related to cybersecurity.

SASARAN BSSN

- PERLINDUNGAN INFRASTRUKTUR KRITIKAL
- DIGITAL EKONOMI INDONESIA
- LITERASI KEAMANAN SIBER MASYARAKAT INDONESIA
- KEAMANAN SISTEM INFORMASI PEMERINTAH
- KEMITRAAN NASIONAL DAN INTERNASIONAL

Government work closely with Industry to :

- Promote a secure software ecosystem by creating industry benchmarks, developing tools to understand critical information, and strengthening security research and vulnerability disclosure;
- Strengthen government's approach to cybersecurity by modernizing government IT, harmonizing cybersecurity regulations, and incentivizing adoption of the National Standards and Technology's framework;
- Pursue international consensus for cybersecurity action by supporting international standards development, as well as adopting and streamlining international security laws;
- Develop a 21st century cybersecurity workforce by increasing access to computer science education and opening new paths to cybersecurity careers; and
- Advance cybersecurity by embracing digital transformation, leveraging the potential of emerging technologies and forging innovative partnerships to combat emerging risks.
